- 1) What activities or factors seem to bring the most satisfaction to your athletes during practise.....how about during competition? (e.g. pure joy of doing it, mastering skills, winning, camaraderie, chance to compete with other teams).
  
- 2) What overall do you see as the main areas your athletes need improvement on in order to:
  - a) Excel at their sport? (e.g. specific skill development, conditioning, behavioural, etc.)
  
  - b) Excel in their general fitness level?
  
- 3) What challenges do you face in helping athletes to move forward? (e.g. lack of resources, don't know what athletes want, don't know how to motivate, time, lack of communication with parents/caregivers etc.)
  
- 4) What kind of help would be useful to you in assisting athletes both collectively and individually? (e.g. more coach/volunteer training, assessment tools, time to talk to parents or athletes, more volunteers, etc.) Please be specific!
  
- 5) How and when do you prefer communication to happen with parents/caregivers? Keep in mind many do not attend practices, so some alternative should be available.
